Updates in Lupus Management

Monday Dec 7th, 2026

7:00 PM EST

Virtual Zoom Meeting: Registration Link Below

Speaker(s):

Dr. Konstantinos Tselios, MD,
Rheumatologist
Assistant Professor
Medicine, McMaster
University

Moderator(s):

Michelle Bridge,
OT Reg (Ont.), ACPAC

Learning Objectives:

At the end of this activity, participants will be able to:

1. **Describe current approaches to SLE management**, including targeted therapies, glucocorticoid minimization, treat-to-target strategies, lupus nephritis management, and the role of interprofessional healthcare providers.
2. **Apply a structured, case-based approach to assess SLE and its mimickers**, interpret investigations in context, identify organ involvement and red flags, and determine when further investigation or rheumatology referral is needed.
3. **Develop person-centered, interprofessional care strategies** that support treatment, self-management, function, and shared decision-making across the SLE continuum.
